To meet the expenditures called for by their estimates a tax of nine mills on the last city list will be required, said list being \$12,828,173.

In view of recent increases in local taxation for town purposes, your Committee have made every effort to reduce the rate of city taxation and the above estimates are deemed to be such as will fully and fairly meet the expenses of economical administration and of such permanent improvements as are at this time absolutely necessary.

In addition to the above estimated expenses for ordinary purposes of the Government, the Committee on Finance have been requested by petition, committee reports, etc., to bring before the next annual meeting for its action, estimates of the cost of the following expenditures and improvements prayed for, to wit:

For a new layout of Yantic street from Washington street to a point near the first house on the westerly side of Yantic street. \$5,000.00

For a salary for milk inspector for two years, said salary exceeding year at \$75 per month. 2,700.00

For macadamizing the street in the Sixth district from the present main street to the junction of Main street and Hamilton avenue. 2,389.00

For a sewer line in the Sixth district from the intersection of the street with Williams street. 1,275.00

The sum of these estimates is equal to about two mills on the grand list.

Your Committee recommend that the warrant for the next annual meeting include the last named estimates and a call for action thereon.

Your Committee recommend the adoption by the Court of Common Council of the following resolution:

Resolved, That the report and estimates of the Committee on Finance be accepted and approved; that the Clerk cause the same to be published as required by the amended charter, and that the Mayor, or in his absence, the Senior Alderman present, be directed on behalf of the Court of Common Council to bring before the next city meeting to be held on the first Monday of June next a resolution to recommend that a tax of nine mills be laid on the last perfected grand list of the city.

FRANK A. ROBINSON,

Committee on Finance.

I hereby certify that the above and foregoing is a true copy of the original report and resolution.

NOANK

Capt. Allen Ward Not Lost, as Feared—Speedy Horses on Poquonoc Track—Shipyard Notes.

Word has been received by Mrs. Ward, wife of Allen Ward, who was reported missing from Block Island, that he has returned to his home and is in good health and that the fear that he had been lost was unwarranted.

Captain Ward has been fishing in Block Island waters for the past few years and has made that port his home, as it is more convenient to his business. About two weeks ago he ventured out in his small fishing boat and soon after reaching the fishing grounds, in the vicinity of Montauk Point, encountered strong winds that developed into a gale. Knowing that he would not be able to reach Block Island, he made for Montauk harbor, which he reached in safety.

As soon as danger of the small boat was swamped had passed he returned to the grounds and after catching a load of fish returned to the island. Not thinking that his absence was causing anxiety to his friends and relatives, he did not send word of his location and was not a little surprised to find that he had caused uneasiness.

Repairs to Steamer Success Completed.

Fishing steamer Success, which has been at the R. Palmer & Son shipyard for three weeks for repairs, left early Friday morning for Newport, R. I., from which port she engages in the net fishing business. The boat, which is owned and operated by Captain Patterson, caught fire while at her dock in Newport. The house work of the boat was practically completed before the blaze was extinguished.

Public Lecture.

Isaac Cundall, the Civil war veteran, who spoke to the children of the Noank schools Friday, will lecture at the Noank Baptist church Monday evening. Mr. Cundall will speak especially on the battle of Petersburg. The lecture will be illustrated with stereopticon views by Rev. H. B. Rankin.

Good Rev at Poquonoc.

Lyman A. Chapman and A. C. Weeks, lessees of the Groton driving park at Poquonoc, are hustling to find room to stable the horses that are expected at the track by the holiday. Trainer Case has new horses coming in daily. One of the latest is a colt owned by John E. Hawkins of Norwich. The track is in fine shape. Most of the horses were given a trial around it Friday afternoon.

Tug Jamison Inspected.

F. E. Chute of New York, inspector for the Arbuckle line of tugs and steamers, was at the shipyard Friday to inspect the engine and hull of the tug Jamison, which was built for the Jay Street Terminal company of Brooklyn. The vessel is now on the ways, where the hull is being painted and as soon as this work is completed she will be launched and will go on her trial trip. Chief Engineer Parker has arrived and will have charge of the engine room during the trip, which is expected to take place in about a week. When the boat leaves the dock she will go direct to New York.

TESTED AND PROVEN

There is a Heap of Solace in Being Able to Depend Upon a Well-Earned Reputation.

For months Norwich readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit.

Mrs. Catherine Hogan, 22 Hickory Street, Norwich, Conn., says: "For some time I was severely troubled by kidney complaint. I had pains and aches across my back and an indescribable feeling of weakness all through my body. I tried numerous remedies but did not obtain relief. I was finally told about Doan's Kidney Pills and procuring a supply from N. D. Sevin & Son's drug store I took them according to directions. They helped me from the first and continued use brought about a complete cure. I can recommend Doan's Kidney Pills very highly."

(From statement given April 12th, 1906.)

Doan's Kidney Pills Cure Permanently.

On August 25th, 1908, Mrs. Hogan said: "I take pleasure in confirming the statement I gave in favor of Doan's Kidney Pills over two years ago. Practically speaking, I have had no trouble from my back or kidneys since using this remedy. Many people have called upon me to ascertain if my statement were true, and I have always convinced them of its correctness."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
